2015 - 2020

PYTHON/DJANGO/DRF

Building web projects for portfolio

- front-end: CSS, Bootstrap
- back-end: Django, REST
- testing: unittests, APITestCase

WP SERVED

Working in WordPress Agency

- Technical support
- WordPress websites
- Work with developers

*While freelancing, I also worked on my own online projects, including a podcast, a course, and organized a series of meetups for women.

BIOBAZAR

Building brand awareness

- Content marketing + SEO
- WordPress setup + management
- Collaboration with developers

WHO AM I?

My adventure with web development began with WordPress. I worked in a WordPress agency and hosted my own podcast. Now, equipped with Django & Django REST Framework, I aim to work as a web developer.

EDUCATION

Mgr (Msc)

Uniwersytet Łódzki
2013

Scrum Master (PSM I)

Scrum.org
2019

SKILLSET

- Django
